

Hydraulic Lift & Tilt Options

Mechanical Options

Description and Specification	List Price
Oversized Platform - platforms can be increased in width and length up to additional 24". Side and end load capacities are derated 2% per inch of increase and oversized models must be lagged to the floor. XHD	\$210.00 \$410.00
Platform with Beveled Edges - welded at 30 degree angles, increases the standard platform by 4" on all sides XHD	\$440.00 \$620.00
Electro-Mechanical Toe Guard - mounted to the under side of the platform, adds 3" on all sides XHD	\$560.00 \$750.00
Pit Mounted Units - for ground level applications require either a Platform with Beveled Edges or Electro-Mechanical Toe Guards. Lifting Eyes required for installation and External Motor recommended.	See Option
Lifting Eyes - provided for installation and transporting of unit with a sling or lifting chain	\$130.00
Portable Units - wheeled dolly handle and two 5" fixed wheels (specify side or end mounting) for moving empty lifts. Overall lowered height is not changed when unit is in an operating position. X3W and X4W Oversized Platform XHD	\$250.00 \$300.00 Call Call
Transportable Units - 6" steel casters, two fixed and two swivel, and a Presto floor lock mounted underneath base frame. Adds 9 3/4" to the lowered height X3W and X4W Oversized Platform XHD	\$480.00 \$530.00 Call Call
V Grooved Wheels - 5" steel wheels for Transportable Units only, sold per pair.	\$130.00
Fork Pockets - used for moving scissor lifts between work stations.	Call
Ball Transfer Tops - for multi directional movement of work loads, available for all load weights. Adds 2" to overall lowered height.	Call

Description and Specification	List Price
Turntables - constructed of 1/2" steel plate and mounted on a 24" x 24" base plate equipped with a pivot pin and four 1 3/4 cam followers. Base has mounting holes for lagging unit to table top, floor stand or directly to the floor. Capacities conform to desired work load. Note: Turntables add 2 3/4" to overall height. 36" round, shipping weight 200 lbs 36" square, shipping weight 225 lbs 48" round, shipping weight 350 lbs 48" square, shipping weight 380 lbs Custom designs available	\$480.00 \$450.00 \$580.00 \$550.00 Call
Detent Stops - spring activated stops for a Turntable, standard stops positioned at 90 degree increments Spring	\$140.00
Conveyor Top - mounted to the lift table platform these 1.9" diameter rollers on 3" center have a 1000 lb capacity per linear foot. Adds 4" to overall height 24" x 36" platform 24" x 48" platform 24" x 64" platform Custom sizes and designs available	\$240.00 \$310.00 \$400.00 Call
Conveyor Sides - used to retain product on conveyor tops, recommend on all Transporting Units. Fixed 3" sides Movable 3" sides	\$80.00 \$110.00
Optional Top Material - for special handling of loads, v tops, aluminum material, stainless steel, diamond plate, etc.	Call
Accordion (Bellow) Skirts - designed to cover to scissor leg assemble of the lift table. XL 24 Series XL 36 Series XL 48 Series Other Models	\$370.00 \$600.00 \$920.00 Call

Hydraulic Options

Description and Specification	List Price
External / Remote Power Units - all three phase units include transformer for low voltage control, 6' of hose and a mounting stand.	
HP Single Phase - (115-230v/1/60)	No Charge
1/2 HP Three Phase - (208, 220 or 460/3/60)	No Charge
External 5 HP Three Phase - (208, 220, or 460/3/60)	\$675.00
1 1/2 HP Three Phase - (575/3/60)	\$110.00
Continuous Operating Motors	Call
Air Motors	Call
Explosion Proof Motors	Call
Custom Designed	Call
Fire Resistant Hydraulic Fluid - water-glycol fluids are fire resistant, non-explosive and non-toxic. Approved by Factory Mutual Insurance Engineering Laboratories	\$120.00

Electrical Options

Description and Specification	List Price
Hand Operated NEMA 12 - control with an 8' cord is standard.	No Charge
Hand Operated NEMA 4 - weather resistant control with an 8" cord. Substituted for NEMA 12 Additional controller	\$80.00 \$270.00
Foot Control - foot operated control Substituted for NEMA 12 Hand Control Additional controller	\$60.00 \$350.00
Hand Held NEMA 4 with 20' Coil Cord Substituted for NEMA 12 Hand Control Additional controller	\$120.00 \$310.00
Wall Mounted Control	Call
Limit Switch - Limits the vertical travel of the scissor lift.	\$180.00
Pedestal Mounted Controls - NEMA 12 controller mounted on a rugged steel stand with momentary push buttons	\$430.00
Velocity Fuse - standard safety feature on all Presto scissor lifts, prevents the unit from collapsing in the event of a hydraulic pressure loss.	No Charge
